

LINKING HANDS IN PRAYER FOR LIFE

We believe our gracious God is moved by the fervent prayers of His people.
The abortion clinics in our state do not have to stay open, not on our watch.

In 2014, 27 abortion clinics closed across our nation, one of those in OKC. In 2015 an additional 53 clinics closed. Please join us in prayer, asking our all-powerful God to close the clinics in Oklahoma—for His glory. They will not close by man or his works, but only by our God. He is mightily at work. Let's join Him by linking hands and hearts in prayer.

- Pray for employees and supporters of the abortion clinics to have a road to Damascus experience. Saul was deceived and persecuting God's people. God revealed Himself to Saul then used him to reach many with the truth of Christ. *Acts 9*
- Abortion ends the life of a child and devastates the lives of those who choose it. Petition our Lord to rescue the children AND their parents. *Proverbs 24:11 NIV, Lam. 3:48-51 NIV*
- Most seeking abortion do not have hope for themselves or their children. They see no other way. Ask our Father to give them hope. *Jeremiah 29:11*
- Gideon was afraid to believe God. He asked for a sign. God is already at work in the hearts of those traveling to abortion clinics. Some will ask Him for a sign that He will help them. Ask God to make our advertisements visible and powerful to speak hope to desperate women and men who think abortion is their only option. *Judges 6:17*
- The enemy is not happy with this prayer initiative or our advertising. Pray our Lord's protection over our pregnancy centers, staff, volunteers and families. *John 17:11, Isaiah 62:6*
- Pray for the abortion clinics to be unprofitable financially and close. *Proverbs 17:20*
Southwind Women's Center, OKC Reproductive Services, Tulsa
Abortion Surgery Center, Norman Planned Parenthood, Warr Acres
- Thank our merciful and loving God for hearing our prayers! *Hebrews 5:7*

I am linking hands in prayer with my brothers and sisters, petitioning our mighty God to close the abortion clinics in Oklahoma. I commit to pray until the clinics close.
